Educate With Excellence

Our mandate is to develop an educational experience at WMC that best prepares our students for the life God intends for them. At the core of this is a commitment to teach all subject matter from a Reformed Biblical perspective.

We commit to the following goals:

1. Integrate Christ into all areas of the educational experience.
2. In all subject areas, teach Biblical principles from a Reformed perspective.
3. Prepare students to live their life in service to God.
4. Encourage and assist students in discovering their talents and developing a plan for their post-WMC lives.
5. Hire the best available staff and equip them to be Christian role models for our students.
6. Create a plan in each subject area to maximize standardized test scores.
7. Provide a competitive curriculum for all students, and provide available educational support services (ESS) for students who need them.
8. Encourage all students to participate in extracurricular activities.
